

ACME MANUFACTURING LTD – FY2024 CONSOLIDATED REPORT

Acme Manufacturing Ltd is a multinational industrial manufacturing company operating across the United States, Germany, and the United Kingdom. The company manufactures heavy machinery, automotive components, and precision-engineered industrial equipment for aerospace and defense sectors. Acme's customers include original equipment manufacturers, government agencies, and industrial distributors. The company prepares consolidated financial statements in accordance with International Financial Reporting Standards (IFRS).

Strategic priorities during FY2024 included capacity expansion in automotive components, modernization of manufacturing facilities through automation, cost optimization initiatives, and deleveraging of the balance sheet. Management focused on strengthening internal controls, improving working capital efficiency, and mitigating interest rate and foreign exchange risks.

FINANCIAL HIGHLIGHTS: Revenue increased to USD 120.0 million in FY2024 compared to USD 110.0 million in FY2023 and USD 98.0 million in FY2022. Gross profit for FY2024 amounted to USD 42.0 million, with gross margins stabilizing despite inflationary pressures. Net income increased to USD 15.0 million in FY2024.

Income Statement (USD)	FY2022	FY2023	FY2024
Revenue	98,000,000	110,000,000	120,000,000
COGS	62,000,000	70,000,000	78,000,000
Gross Profit	36,000,000	40,000,000	42,000,000
Operating Income	17,800,000	18,500,000	18,500,000
Net Income	10,800,000	11,200,000	15,000,000

BALANCE SHEET, COMPLIANCE & RISK DISCLOSURES

BALANCE SHEET SUMMARY (FY2024): Total assets amounted to USD 200.0 million, comprising current assets of USD 50.0 million and non-current assets of USD 150.0 million. Total liabilities stood at USD 140.0 million, including short-term borrowings of USD 32.0 million and long-term debt of USD 80.0 million. Total equity attributable to shareholders amounted to USD 60.0 million.

Balance Sheet (USD)	FY2024
Cash & Equivalents	18,000,000
Accounts Receivable	22,000,000
Inventory	10,000,000
Total Assets	200,000,000
Total Liabilities	140,000,000
Total Equity	60,000,000

COMPLIANCE & INTERNAL CONTROLS: The consolidated financial statements have been prepared in accordance with IFRS, including IFRS 15 (Revenue from Contracts with Customers). Management has evaluated internal controls over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act (SOX 404). No material weaknesses or significant deficiencies were identified during FY2024.

RISK MANAGEMENT: The company is exposed to credit risk, liquidity risk, interest rate risk, and foreign currency risk. The debt-to-equity ratio as of FY2024 was approximately 2.33, exceeding industry benchmarks. The current ratio was approximately 0.83, indicating short-term liquidity pressure. Interest coverage declined due to rising market interest rates. Risk mitigation strategies include refinancing initiatives, cost reduction programs, and enhanced working capital management.

FORWARD-LOOKING STATEMENTS: This report contains forward-looking statements involving risks and uncertainties. Actual results may differ materially due to changes in economic conditions, regulatory developments, competitive dynamics, and market demand fluctuations.
